

# MAKE MOVIE NIGHT A NIGHT TO REMEMBER

Get the entire family involved in the fun, and turn movie night into a competition with this Pop-up Movie Game. For each of our five favorite flicks, we've created a scavenger hunt.

How does it work? Any time something on the list happens during the movie, your job is to chow down on a handful of popcorn. So, print out the game, pop in one of these tasty movies, pop up the popcorn, and start paying attention.

If you want to make it a real competition, you can give a point to the person who spots—and claims—something on the list first. Throughout the movie, keep track of all of the points, and reward the eagle-eyed movie watcher with a prize.
